PRODUCT OVERVIEW

The Turn1 goes beyond the drive so can listen to your music everywhere from poolside to fireside.

PRODUCT FEATURES

Tuned for Adventure – With two midrange speakers, two tweeters, and two external passive radiators, the Turn1 provides a stereo sound performance that can produce up to 40-watts of powerful sound. The speaker has been tuned to be played outside, so even in open air areas with wind or other noise, you'll still hear your music come through loud and clear.

Wireless Bluetooth® Streaming – With built-in Bluetooth® streaming and multi-unit pairing, the you can connect up to two AD-SPK1 speakers so you can build your ideal portable sound system. Answer phone calls with the built-in mic for hands-free calling.

Music on Demand – A built-in, rechargeable Li-ion battery supports 12+ hours of playtime for all your adventures. The auto power off feature ensures efficient use of your battery. Get back to the performance with the included USB charge (four – six hours).

On-the-Go – Turn1 goes with you on every adventure with the included carry strap for on-to-go listening.
